**Scientific Lab IT Consultant (m/f/d)**  
Aachen, Germany

## ABOUT US

OSTHUS is a leader in Scientific Informatics. Our customers are the top companies in the pharmaceutical, bioinformatics and life science industries. With sites in Europe, the US and Asia, we offer a modern, exciting and attractive working environment. Using state-of-the-art methods and technologies, we work on future-oriented projects in the areas of Big Data, Machine Learning and AI. Personal development, innovation and diversity are of great importance to us as well as to our customers and employees.

---

## RESPONSIBILITIES

- Working on international consulting/IT projects with leading pharmaceutical and chemical companies.
- Identification and implementation of user requirements in life science/laboratory informatics COTS and custom applications.
- Supporting the design, implementation and deployment of interfaces and tools.
- End-user engagement and workshops.
- Analysis of lab data and IT systems.
- Working reliably on projects within a given time and budget frame whilst maintaining our quality standards.

---

## REQUIREMENTS

- Completed study in either cheminformatics, chemistry, bioinformatics, or a closely related discipline, Ph.D. preferred.
- Knowledge and practical understanding of standard lab IT systems, e.g. ELN, LIMS, chemical registration systems, Pipeline Pilot, Knime, small molecule cheminformatics and their chemical representation.
- A passion for IT; experience in programming/scripting languages and SQL-based databases.
- Very good verbal and written German and English language skills.
- Willingness to travel from time to time.
- A team player with the demonstrated ability to use flexible thinking to solve problems.

---

## YOUR BENEFITS

- Diverse portfolio of tailored training and professional and personal development measures offered by our in-house Academy
- The possibility to acquire a job bike
- Joint breakfast on Friday
- Attractive salary extra: ticket plus card
- Positive working culture including regular social activities
- ...and much more!
