Lab Informatics

Sr. Software Engineer / Sr. Software Developer
Melbourne, FL USA

ABOUT US

OSTHUS is a leader in Scientific Informatics. Our customers are the top companies in the pharmaceutical, bioinformatics and life science industries. With sites in Europe, USA and China, we offer a modern, exciting and attractive working environment. Using state-of-the-art methods and technologies, we work on future-oriented projects in the areas of Big Data, Machine Learning and AI. Further development, innovative strength and variety are of great importance to us as well as to our customers and employees.

RESPONSIBILITIES

- Work on international software projects with leading pharmaceutical and chemical companies
- Design, develop, test and deploy innovative lab informatics solutions
- Collaborate with Data Science team to build predictive modelling and analytics applications
- Work on-site with customers to build and integrate solutions into their informatics infrastructure
- Support work with code reviews, unit/integration tests and documentation
- Handle all aspects of supporting enterprise applications (e.g. client issues, performance, data integrity, continuous integration, and deployment process)
- Work on international multi-time zone projects

REQUIREMENTS

- Degree in Computer Science/Engineering, Electrical Engineering, Mathematics, or a comparable qualification
- Demonstrate current hands-on coding experience in Java and Python, and micro services and frameworks (such as Java EE/JBoss, Spring and Hibernate, etc.)
- Demonstrate use of Git, SQL, and NoSQL
- Demonstrate development experience on AWS / Google Cloud / Azure or Digital Ocean
- Having Shell scripting, HTTP, TCP/IP, and SSH is a plus
- Strong communication skills, aptitude for constantly learning new technologies, and willingness to travel, highly desired
- Well versed in agile/scrum software engineering methodology spanning the full software development life-cycle
- Command of various build systems such as Maven and Ant
- 5-10+ years experience preferred

YOUR BENEFITS

- Attractive salary
- Medical, Dental and Vision benefits
- Life Insurance, AD&D, STD, LTD
- 23 days PTO/Sick leave/Holiday
- Flexible work environment
- Employee team breakfast on Tuesdays
- Diverse portfolio of tailored training, professional and personal development trainings offered by our in-house Academy
- Positive working culture including regular social activities...and much more!
